TOMORROW Plus: Head Like A Kite is just weird enough to be intriguing. The groovy pop album "Random Portraits of the Home Movie" samples sounds from Super 8 movies guitarist Dave Einmo's parents shot in the '70s.

The Super 8 soundtracks are run through guitar effects pedals and analog gadgets to create a less polished synth sound, which is supplemented by guitars, cellos, drums and other instruments.

The Seattle group performs at **Pianos** (158 Ludlow St.; [212] 505-3733) tomorrow, **Northsix** (66 N. Sixth St., Williamsburg; [718] 599-5103) on Tuesday, and **Knitting Factory** (74 Leonard St.; [212] 219-3006) next Saturday, April 8.
