**PLAN A:** Matthew Sweet, The Northstar Session @ Belly Up Tavern. Sweet's perfect pop has been taken for granted by the masses, and "Sick of Myself" still feels like aural Prozac. **PLAN B:** Buddy Akai, Head Like a Kite, Satanic Puppeteer Orchestra @ The Casbah. Head Like a Kite take the unfulfilled promise of late-'90s electronica and use it as a starting point for new explorations in genre-busting. **BACKUP PLAN:** Jay Spazboy's Rock N' Roll Trivia @ Chasers.
